What is Blackjack (AKA 21)?

Blackjack is a casino card game, found in most (if not all) bricks & mortar casinos worldwide. It's an extremely popular game, due to its simplicity and the fact that it's easy to pick up and start playing a few hands.

Also known as '21', blackjack belongs to a family of card games that utilize the full 52-card deck. Other familiar titles in this family include Pontoon, and Vingt-et-Un. The game originated in France during the 19th century, as a development of earlier Spanish versions, but the rules of what we know as blackjack today were first used in the UK in the 1800s, and these were then transplanted to the US and refined further.

How to Play Blackjack - Rules of the Blackjack Table

Blackjack is a game played against the dealer, rather than other players, and has the objective to get the total of your cards as close to 21 as possible without exceeding this number.

To start a round, each player makes a bet, and the dealer deals each player two cards face up so they are visible to all players and to the dealer. The dealer also deals themselves two cards but only one is face up. Players then choose an option about what to do next including taking another card, ending their turn without taking a card, or doubling their bet.

Winning or losing is determined by the total of your cards, which cannot exceed 21, so in blackjack it's important to know the value of the cards and to be able to work out what you have in your hand, and what cards you need!

To learn the basics, you can read our How to Play Blackjack guide, which details the rules, how to bet, and the significance of the card values in relation to a hand. It's also a good idea to watch our

The online version of blackjack does a great replication of the 'real' game found in casinos, and there are multiple sites that offer real money blackjack or free games.

Typically in the online game, you'll get a top-down view of the blackjack table facing the dealer. Cards will be dealt out as your blackjack hand. There will be a button to use to decide what to do in terms of 'hit', 'stand', 'split' etc, which you tap or click with a mouse, and usually, you'll find buttons to allow you to make different bets. If you're looking to try a hand, here's a few blackjack games to get you started:
