Slogans are critical 5 when doing any sort of marketing or advertising for your business. Your slogan's role is to help the customer understand the 5 benefits of your product/service - so it's important to find a catchy and effective slogan name. Often times, your slogan can 5 even be more important than the name of your brand. Why? Because your slogan has the ability to show your customer the 5 type of commitment you have to them and also tells them exactly what your brand stands for. So, let's dive into 5 all of the critical pieces to coming up with a great slogan for your sports promotion business. 6 Tips For Creating 5 A Catchy Slogan1. Keep it short, simple and avoid difficult words Similar to naming your business, your slogan should be short and 5 simple. A great rule of thumb is that your slogan should be under 10 words. This will make it easy for your 5 customer to understand and remember.2. Tell what you do and focus on what makes you different This is a very important piece 5 - and a lot of brands miss the ball and explaining what it is that makes them unique and different 5 from the next competitor. There are a few different ways you can incorporate what makes your business special in your slogan: Explain 5 the target customer you are catering your services towards What problem do you solve? How do you make other people, clients or 5 your employer look good? Do you make people more successful? How?3.Be consistent Chances are, if you're coming up with a slogan, you 5 may already have your business name, logo, mission, branding etc. It's important to create a slogan that is consistent with all 5 of the above. This will help when advertising your business and creating a powerful website.4. Ensure the longevity of your slogan Times are 5 changing quickly, and so are businesses.

When coming up with your slogan, you may want to consider creating something that is 5 timeless, and won't just fade with new trends.

Try to avoid using terms like "we are the only" and anything with 5 the word "technology," because your statement could be contradicted at any moment.5.

Consider your audience

When finding a catchy slogan name, you'll 5 want to make sure that this resonates across your entire audience.

It's possible that your slogan could make complete sense to 5 your audience in Europe, but may not resonate with your US audience.

The confusion could be due to language barriers or 5 cultural differences - so you will want to determine who your audience is, and how this could be perceived. 6.Get feedback!

This 5 is one of the easiest ways to know if your slogan will be perceived well, and a step that a 5 lot of brands drop the ball on.

Ask friends, family, strangers and most importantly, those that are considered to be in 5 your target market.

Here's a few ways you can ask for feedback:
