contente:

you normally win R\$ 175. This occurs because the payment for a bet placed on a single number (also known as "straight bet") on American roulette is 35 to 1. If you place a bet of 5 on a single number on a roulette table, you win 35 times your bet. If you use a 5-unit strategy when it is easy to use and can provide

[winamax freebet 5 €](#)

How does a bet on roulette work? In roulette, you place your bets on roulette numbers, colors, or other options available on the table. Then, the roulette wheel is spun and a ball is dropped into it. If the ball lands on the number or option you bet on, you win.
