Football club

Associação Ferroviária de Esportes, commonly referred to as simply Ferroviária, is a Brazilian association football club in Araraquara, São 1 Paulo.

They currently play in the Série D, the fourth tier of Brazilian football, as well as in the Campeonato Paulista, 1 São Paulo's premier state league.

Founded on April 12, 1950, Ferroviária is the only Araraquara club to reach the Campeonato Paulista 1 first division.

The club's best campaign in that competition was in 1959, when the club finished in the third position.

It is 1 also the only club of the city to have competed in the Campeonato Brasileiro Série B.

The club competed in this 1 competition in 1995.

They play in carmine shirts, white shorts and socks.

History [edit]

The club was founded on April 12, 1 1950, by engineers of Estrada de Ferro Araraquara (meaning Araraquara Railroad).

Antônio Tavares Pereira Lima was chosen as the club's first 1 president.

Initially the club's colors were to be blue and white, like the Rio de Janeiro city team.

However, these colors were 1 not very popular, and were changed to carmine and white, like the Juventus ones.

On May 13, 1951, the club played 1 their first match ever.

The club beat Mogiana of Campinas 3–1.

The club's first goal was scored by Fordinho in that match.

On 1 May 20, 1951, the club played their second match, in Taquaritinga city.

It was also the club's first defeat.

Linense, of Lins, 1 beat Ferroviária 2–1.

On June 10, 1951, Ferroviária's stadium, called Estádio Fonte Luminosa, was inaugurated.

In the inaugural match, Vasco da Gama, 1 of Rio de Janeiro, beat Ferroviária 5–0.

On July 1, 1951, Ferroviária played their first match against a club from the 1 same city.

Ferroviária was defeated by Paulista (Araraquara) 4–0.

On April 15, 1956, Ferroviária beat Botafogo of Ribeirão Preto 6–3 in the 1 Campeonato Paulista Second Division final stage (disputed by eight teams playing against each other twice), and won the title and 1 the promotion to the following year's first division.

In the last match of the competition, Ferroviária beat Portuguesa Santista 5–4.

In 1983, 1 Ferroviária competed in the Brazilian Série A, finishing in the 12th position. In 1994, the club was the runner-up of the 1 Brazilian Série C, after losing to Novorizontino 1–0 in the first leg, at home, and 5–0 in the second leg, 1 in Novo Horizonte. The club was promoted to the following year's second division. From 1994 until 1996, the Ferroviária participated in the 1 top division of São Paulo state championship, having Otavio Augusto (Otavio Braga) as their topscore in 1994 with 8 goals 1 and in 1996 with 6 goals.

Europa y China: una cooperación "ganar-ganar" en energía solar

La reciente exposición Intersolar Europe en Múnich, Alemania, destacó la importancia de la cooperación entre los sectores solar chino y europeo. Expertos y representantes del sector {img}voltaico coincidieron en que esta relación es beneficiosa para ambas partes.

Un récord de participación china

Un total de 3.000 expositores presentaron sus últimos productos y soluciones en áreas como

módulos fotovoltaicos, sistemas de almacenamiento de energía y estructuras de carga. De ellos, 976 eran chinos, lo que convirtió a China en el país con mayor representación en la feria.

Avances tecnológicos chinos

La empresa china LONGI Green Energy Technology Co., Ltd. anunció un récord en la eficiencia de conversión eléctrica de sus células solares tandem de silicio-perovskita de tamaño comercial, con un 30,1%. Este avance tecnológico resume los innovadores avances de China en el sector de la energía solar.

La importancia de la cooperación

Markus Elsaesser, fundador y CEO de la German Solar Promotion GmbH, destacó la importancia de la cooperación entre China y Europa en el sector solar: "Creo que es bueno tener cooperación y no crear barreras entre países y regiones".

El papel de la energía solar en la transición energética

Según el último informe sobre las perspectivas del mercado global del sector fotovoltaico, la Alemania instaló 15 GW de nueva capacidad fotovoltaica en 2024, aumentando más de 100% en relación al año anterior y ocupando el cuarto lugar en términos de nueva capacidad adicionada globalmente. Países europeos como España, Italia y Holanda también registraron crecimiento y fueron listados entre los 10 principales mercados fotovoltaicos en 2024.

El futuro de la cooperación

Zhu Daocheng, vicepresidente de la empresa china JA Solar, se mostró optimista respecto al papel del sector fotovoltaico chino en el mercado europeo de energía renovable: "Estoy confiado en que, junto con otras empresas chinas, podremos continuar teniendo un buen desempeño en el mercado solar europeo".
